The U.S. Department of Agriculture has evidence that on or about **February 20, 2013 through January 12, 2015**, you or your organization committed violations of the following sections of the Code of Federal Regulations, Title 9:

2.40(b)(2) Attending Veterinarian and Adequate Veterinary Care (repeats)

On February 20, 2013, April 24, 2013, June 24, 2014 and January 12, 2015 you failed to provide adequate and proper veterinary care to address serious veterinary care issues including: dog #086 with overgrown nails and moderate dental tarter, dog #057 with hair loss over her back and hips and overgrown toenails on several other dogs, dog #331 and #71 with bright red protrusion of tissue between the digits of feet, dog #046 with enlarged right eye with opaque appearance, dog #008 with hair loss on the left side and around the base of the tail, and dog 373 with hair loss on front legs with evidence of reddening and small reddish colored lesions present. Failure to have the serious veterinary issues addressed by the attending veterinarian can result in pain and discomfort to the animals.

2.75(a)(1) Records: Dealers and Exhibitors (repeats)

On June 25, 2014 and January 12, 2015, you failed to adequately document all of the required information pertaining to the acquisition of the dogs on the facility record of dogs on hand to ensure that the facility records are complete and accurate. You also failed to complete disposition forms containing the sale of dogs. Failure to provide the required information does not allow for proper tracking of animals by an APHIS official. All records of disposition must be complete and accurate at the time of sale.

The Animal and Plant Health Inspection Service (APHIS) created federal regulations to ensure the welfare of animals and help prevent the spread of animal and plant pests and diseases. Since violations of the regulations can have serious and costly impacts that are detrimental to the public interest, APHIS is providing you with an Official Warning for the violation(s) described above. Any further violation of these federal regulations may result in the assessment of a civil penalty, criminal prosecution, or other sanctions. If you have any questions concerning this Official Warning or violation(s), please contact the APHIS official listed in this notice.
